

HSE for the new millennium begins with IADC in February

THE 2000 IADC Health, Safety & Environment Conference will be held 7-8 Feb at the Westside Marriott Hotel in west Houston. Following a welcome and introduction by 2000 IADC Chairman **John Irwin** of **Atwood Oceanics** and IADC President **Dr Lee Hunt**, registrants will hear an economic analysis from the astute **James K Wicklund** of **Dain Rauscher Wessels**.

Following Mr Wicklund's remarks, members of the Global Drilling Safety Leadership Initiative will provide an update on that group's activities.

Then, **William S Cook** of the **US Minerals Management Service** will provide an overview of the MMS Performance Measures Workshop in a session chaired by **Randy Brown** of **Nabors International**. Mr Brown is Chairman of the IADC Safety Engineering by Design Subcommittee.

Following lunch, **John Auth** of **Diamond Offshore**, Chairman of the IADC HSE Committee, will moderate a panel discussion on "Site Incident Investigation and Reporting". Scheduled participants are **Keith Stratton**, Nabors Drilling Int'l; **Stan Garner**, BP Amoco; and **Pat Cook**, Halliburton Energy Services.

Then, **Allen Kelly**, Diamond Offshore, Chairman of the IADC Training Committee, will moderate a panel on the IADC-developed KSAs (Knowledge, Skills and Abilities). **Scot Rudolph**, **Transocean Sedco Forex**, and past Training Committee Chairman, will participate.

Mr Kelly will also moderate a discussion on "ISM/ISO". **Capt Patrick L Fallwell**, **ABS Americas**, and **John G Torgersen**, **DNV**, will participate.

Tuesday's program kicks off with a presentation by **LCDR William Daughdrill**, **US Coast Guard 8th District**, on licensing issues.

Bill Hedrick of **Rowan Companies**, Chairman of the IADC Ergonomics Subcommittee, will then moderate "Strategies for the Improvement of Quality of Life and Service at the Wellsite". **G J Lombardo** of **Schlumberger** will speak.

Following lunch, **Bob Raulston** of **Global Marine**, Chairman of the Wellness Subcommittee, will discuss the group's progress and the IADC Health and Productivity Management Study.

Then, **Dr Ken Lindermann**, **Exxon Co International**, will discuss 2 topics—first, industry cooperation on health issues, followed by a discussion of health, training and performance measurement development within Exxon's drilling department.

Mr Raulston will moderate a final panel, in which Mr Lombardo, Dr Lindermann and Mr Zampello will take part.

The conference will conclude with a Q&A session led by Mr Auth.

To reserve accommodations, contact the hotel directly at 1/281 558 8338 (fax,

'00 IADC HSE Conf: Selected highlights
