2 August 2017

1.00pm - 3.00pm

IADC

10370 Richmond Ave., Suite 760  
Houston, TX 77042

## Minutes

**Call to Order:** The Chairman (Jorge Lebrija) welcomed everyone in attendance to the Supply Chain Meeting.

### **Safety Briefing/ Anti – Trust Guidelines/Administration**

John Pertgen (IADC liaison) provided the emergency response information including muster points. He also reviewed the Anti-Trust Guidelines; wherein he emphasized the core of anti-trust law, and the required refrain from discussing pricing, dividing, allocating or boycotting suppliers or potential suppliers.

### **General Introductions & Agenda Review**

Formal introductions were conducted. The agenda for the meeting was shared by the Chairman.

### **MRB Documentation Sub-Committee Update**

- Sub Committee Chairman (Brad Green) provided an update on the subcommittee progress
- Discussion on ITP section has been extended, however it is expected to be completed in next subcommittee meeting.
- Goal is to release version 1 of the document by year end.
- It is important for drillers to mention the IADC MRB standard in the applicable purchase orders.

### **Inventory Sub-Committee Update**

- Sub Committee Chairman (Andy Rennie) provided an update on the subcommittee progress
- Excess inventory exchange is working well for some drillers. It was suggested to provide a more regular update on availability. Committee agreed to do monthly updates.
- Preservation of stored equipment - Subcommittee met with different vendors. The goal is to publish an IADC guidance document on equipment preservation. Document will include a definition of short vs long term preservation.

# International Association of Drilling Contractors

- Management of rubber goods - good progress made by the subcommittee on research and discussions with vendors. It was suggested to further review API Standard 53 for rubber goods management.
- Subcommittee will also research option for digital tagging of equipment.

## Vendor Performance Sub-Committee Update

- Sub Committee Chairman (Jean Paul Buisine ) provided an update on the subcommittee progress
- Goal is to release revision 1 of the published guidelines by year end
- Next steps are to develop the metric formulas, update the guidance document, engage critical vendors and follow up adoption of the document with drillers.
- Participants mentioned some of the major oil companies are already requesting key performance metrics (mainly safety related) from driller's third party vendors.

## Open Topics

- Group agreed to open the committee to non-drillers participation starting in 2018. Subcommittees will remain open or closed to non-drillers participation depending on the topic.
- Participation of non-drillers will be subject of interested company having supply chain professionals in their organization willing to participate regularly.
- It was also agreed to move forward with Dubai's proposal to establish a supply chain committee with participation being not exclusively for drillers.
- Chairman reminded everyone elections for 2018 positions will be held in the next meeting.
