

4<sup>th</sup> Quarter Meeting Dec 5 – 7, 2017 Maersk Training, Houston

## Day 1 - Tuesday December 5

## 08:30 Welcome, Announcements and Safety Moment

Oscar Gabaldon welcomed the UBO & MPD Committee and thanked Maersk Training for sponsoring the meeting. Safety briefing about the facilities by Jacob Petz.

Introduction of Committee Members and Guests. The group was asked to introduce itself. Each attendee gave an introduction including company name and work location. See Appendix 1 for the detailed list of the attendees.

Calvin Holt volunteered to be a minute taker.

Safety moment - Holiday season travel safety reminder.

IADC Anti -Trust policy.

Oscar was awarded a Leadership Award by IADC for his contributions to this committee by Lisa Teel

Lisa provided an update on April's Conference – still looking for panelists. 9 Sponsors to date.

Reviewed last meeting minutes: nothing new to add

### 09:00 Discussed Meeting and conference schedule

#### 2018 Committee Meeting Schedule.

Quarter	Date	Location	Sponsor
Q1	February 6 – 8	Houston	API
Q2	April 19 – 20	New Orleans	Shell – Sara confirmed at One Shell Plaza
Q3	September 18 – 20	Aberdeen	Weatherford (Location TBC)
Q4	December 4 – 6	Houston	TBA – Sponsor and Location

Post data note: WFT Aberdeen confirmed dates and location for sponsoring Q3 2018 meeting, as per Michael Cadd.

#### 2019 Committee Meeting Schedule.

Quarter	Date	Location	Sponsor
Q1	TBA	Amsterdam	TBA

#### 09:30 Subcommittee reports

#### **UBO**

Antonio Torrealba (Vice Chair) will have to stand down due to work load. Dennis
Moore advised that with limited resources, the committee will only focus on high
priority items as they arise.

#### **MPD**

Andre advised working ongoing on Influx Management Annex (for 92S & 92M). Work

4<sup>th</sup> Quarter Meeting Dec 5 – 7, 2017 Maersk Training, Houston

sections assigned to individuals. Hoping for a working draft by year end.

- API 92S may be re-balloted. (Subsea ABP). Just re-ballot only the changed sections as opposed to the entire document is a question with API.
- API 92P will be re-balloted (PMCD)

### Gas in the Riser

- Robert Ziegler advised Influx Control document will influence RGH document and will not overlap/conflict, it's intended to be an appendix to the IADC Deepwater Drilling Manual.
- Oscar advised draft document under review but timeline unclear. It will not be referenced in the Influx Management Annex at this time.
- Some thought to developing guidelines as a section for conventional drilling. Group spent +15 minutes discussing.

#### DGD

- Sara advised Børre requires latest 92S to stay aligned.
- CML overbalance is the primary focus but other applications like logging may be discussed. Discussion on whether or not the RGH system should be included in underbalanced cases.

## **HSE & Training**

 George Medley advised WellSharp accreditation will not be pursued. Current documents need to be updated to reflect this. Website document/links are not the latest.

#### **MPD Influx Control workgroup**

- At the last meeting the main structure was defined and will not overlap/override 92S/92M.
- Volunteers picked their section. Section1 and 2 are in final draft stage. Remaining sections still in early development.

### **Liaison Reports**

- Regulatory report Earl not in attendance. Oscar advised Fred Brink will attend the April Conference on a panel. Julian Pham (Standards) from BSEE Houston attended. Interested in the committee's API connection for standard writing.
- Certifying Authority report ABS Published MPD as a separate doc (#284), and offers separate notations as MPD Ready and MPD. 6 issued: 2 MPD Ready 4 MPD pending.
- Well Control: No report.

#### **API Task Group Reports**

#### API 16RCD:

- Meeting planned next week. Service Application Levels for RCD testing are close to completion this year and will be an Annex or similar.
- No work to be done on this meeting.

4<sup>th</sup> Quarter Meeting Dec 5 – 7, 2017 Maersk Training, Houston

#### API RP 92S:

• See report above. Short discussion held regarding MGS (5.1.14); decided to remove 2<sup>nd</sup> sentence.

API RP 92P: No additional report.

August 16<sup>th</sup> 2017 Mike Vander Staak is requesting a liaison between API 16Q and the MPD Committee. This should be revisited in the next committee meeting in Houston (Action).

Continued significant discussion on the definition of well control and its relationship to MPD. Consensus was that MPD falls clearly into primary well control and not secondary. Within primary, more work and definitions will be required. The MPD Operations matrix clearly outlines the transition to secondary well control.

### 11:00 New Business

Leslie Cook w/ Wood Mackenzie presented on MPD Rig Fleet Status. Presentation will be made available and the investigation 'survey' can be shared.

- Interest is growing and Wood Mackenzie are looking to develop market insights for their clients. Started the survey, for Gen 6 and 7 DW Floater market, in October 2016.
- Owned versus Rental category will need more discussion and definition.
- Definitions of capable, ready, equipped are in play. Committee will consider developing a workgroup to finalize the definitions for approval and will meet Thursday to kick off.
- Nabors has copyrighted 'MPD Ready'.

New Idea: Group to consider developing an MPD "State of the Union" agenda during quarterly meetings with key performance indicators that track the status of MPD operations and activity.

#### 12:00 Lunch - Sponsored by Maersk Training

#### 13:00 Breakout sessions

Groups breaking in work sessions: MPD Subcommittee (to work on Influx Control Addendum), DGD, HSE & Training.

#### 15:45 Workgroups report

MPD Influx Management: Reviewed current state of the document. Discussion on land vs. offshore, and subsea vs. surface. Intent of the document is to supplement with additional details what extra considerations should be incorporated in a MPD operation designed for influx, as opposed to 'vanilla' (i.e. only concerned about instability, or just constant pressure). Consider changing word 'control' to 'management'.

## 16:00 Meeting adjourned for the day

4<sup>th</sup> Quarter Meeting Dec 5 – 7, 2017 Maersk Training, Houston

## Day 2 - Wednesday December 6

**08:30** Oscar Gabaldon welcomed back the UBO & MPD Committee, thanked Maersk Training for hosting and sponsoring meeting.

#### **Elections**

Nominations for committee positions for 2018 were taken for each one and voted, with results captured in the following table.

Position	Chair	Vice Chair
UBO & MPD Committee	Andre Alonso Fernandes (Petrobras)	Oscar Gabaldon (Blade Energy)
MPD Sub-Committee	Martyn Parker (Pruitt)	Bob Goodwin (Signa Engineering)
UBO Sub-Committee	C J Bernard (Halliburton)	Dennis Moore/Leiro Medina (TBC)
DGD Sub-Committee	Dave Smith (Enhanced Drilling)	Sara Shayegi (Shell)
HSE / Training Sub- Committee	Jacob Petz (Maersk Training)	Jon Thain (Ocean Rig)
Gas in the Riser Sub- Committee	Paul Sonnemann (SafeKick)	Akram Nabiyev (Air Drilling Associates)
Regulatory Liaison	Calvin Holt (Chevron) / Konstantin Puskarskij (Maersk Drilling)	

## 10:30 Resume working sessions

Influx Management Addendum and HSE & Training

- 12:00 Lunch sponsored by Maersk Training
- 13:00 Resume breakout sessions
- 16:00 Meeting adjourned for the day

4<sup>th</sup> Quarter Meeting Dec 5 – 7, 2017 Maersk Training, Houston

## <u>Day 3 – Thursday December 7</u>

**08:30** Oscar Gabaldon welcomed back the UBO & MPD Committee, thanked Maersk Training for hosting and sponsoring meeting.

### 08:45 Resume working sessions

Influx Management Addendum and HSE & Training

## 11:30 Workgroups report

MPD Influx Management:

- Volunteers for the Influx Mgt. sections were identified.
- Sections 1& 2 (Purpose and Scope) were agreed. Section 3.6 (Equipment) was rearranged, cut back.

## HSE & Training:

• MPD Course levels, Instructor Qualifications, MPD Fundamentals Curriculum were discussion topics.

## 11:45 Wrap up

There was a discussion with Wood Mackenize to present MPD rig operations/status as a regular feature of this meeting. To follow up on this.

Thanked Maersk Training for venue and sponsoring the meeting.

## **Committee Meeting adjourned**
