

Alpha™

Precision's **Alpha™** suite of technologies delivers exceptional value to Precision's customers by reducing risks, time and overall well cost. Precision's **Alpha** drives performance through its core strength of integrating data insights, human ingenuity, automation consistency and smart algorithms to drill the best wells, every time.

Precision
DRILLING

- A fully integrated reflexive drilling system
- Automating repetitive drilling activities
- Optimized, repeatable, consistent performance on every well

- Open platform enabling exceptional collaboration
- Optimizing complex tasks through smart algorithms, AI and machine learning
- Connecting the gap between insights & execution

- 4000+ channels of high-fidelity data
- Unparalleled activity granularity to provide next level optimization capabilities
- Delivering the right information, to the right people at the right time
