

Precision
DRILLING

Alpha™

Precision's **Alpha™** suite of technologies delivers exceptional value to our customers by reducing risks, time and overall well cost. Alpha drives performance through its core strength of integrating data insights, human ingenuity, automation consistency and smart algorithms to drill the best wells, every time.

AlphaAutomation™

Efficient & consistent
process execution

AlphaApps™

Smart Algorithms

AlphaAnalytics™

Enabling optimized
decisions

- A fully integrated reflexive drilling system
- Automating repetitive drilling activities
- Optimized, repeatable, consistent performance on every well

- Open platform enabling exceptional collaboration
- Optimizing complex tasks through smart algorithms, AI and machine learning
- Connecting the gap between insights & execution

- 4000+ channels of high-fidelity data
- Unparalleled activity granularity to provide next level optimization capabilities
- Delivering the right information, to the right people at the right time
