

IADC Standard Format Equipment List (Floaters) 2020 Update - Progress Report

September 25, 2020

Mission / Plan / Execution

Mission:

To revise the current 1993 IADC Standard Format Equipment List for Floating Drilling Units.

Plan:

Form a Workgroup consisting of IADC Drilling Contractors SME's along with the engagement of select members from IADC's Student Chapters to revise the equipment list.

Execution:

Divide the IADC Equipment List into sections and assign these sections to each Workgroup for review/revision (including a "New Equipment" section).

Workgroup Team Leaders

John Kilburn – Transocean
Mike DuBose - IADC Liaison

IADC Student Chapter Participants

Noah Harrison – Texas A&M
William Villalobos – Texas A&M
Jeremy Owers – University of Louisiana at Lafayette
Amanda Lange – University of Louisiana at Lafayette

Ocyan Participants

Lourenco Caraciki Machado (Lead)
Augusto Antonio Brito
Cristiano Venancio Xavier
Isaac Florencio Rodrigues De Oliveira
Leandro Diniz Brandão Rocha

Transocean Participants

Mark Bachand
Elton Cherry
Mohamed Taha
Robert Heddal

Workgroup Assignments

Workgroup 1 - Marine

Section A – Unit Specifications

Section K – Accommodation

Section L – Safety Equipment

Section M – Pollution Prevention Equipment

Workgroup 2 – Drilling & Subsea

Section D – Drillstring Equipment

Section E – Well Control/Subsea Equipment

Section F – Mud System/Bulk System

Section G – Casing/Cementing Equipment

Section I – Production Test Equipment

Section J – Workover Tools

Workgroup Assignments

Workgroup 3 – Topsides

Section B – General Rig Specifications

Section C – Power Supply Systems

Section H – Instrumentation/Communication

Workgroup 4 – New Equipment & Systems

Section N – Managed Pressure Drilling / Underbalanced Operations

Section O – Remotely Operated Vehicle (ROV)

Section P – Cuttings Dryer / Storage / Transfer System

Section Q – Wired Drill Pipe

Section R – Capping Operations / Blow Out Collector

Progress Report to Date

**Equipment List Update
Overall Progress to date
100%**

■ Workgroup 1 ■ Workgroup 2 ■ Workgroup 3 ■ Workgroup 4

Equipment List Transformation

Original IADC Equipment List

Adopted 1993

Sections A through M

~4,000 lines of data

New IADC Equipment List

To be adopted 2020

Section A through R

~6,300 lines of data

IADC Committee and Membership Review

Distributed worldwide to all IADC members
(via weblink)

Over **300*** individual comments received

All comments currently undergoing review
for incorporation to the 2020 equipment list

**Comments to date – tabulation ongoing*

Task List / Timeline

- ✓ Initial Workgroup Kick-off Meeting
March 16, 2020
 - Weekly Workgroup meetings every Monday @ 3:00pm – 4:00pm

- ✓ Draft Release for Comments (IADC Contracts Committee)
July 27th, 2020 – Review/comment period (10 days – ended August 5th)

- ✓ Updated Draft Released for Comments (IADC Membership at Large & Operators)
August 21st, 2020 – Review/comment period (28 days - ended September 18th)

- ▶ Equipment List Updates by Workgroups
September 18th, 2020 – Review comments for inclusion in Equipment List (21 days)

Task List / Timeline

- ▶ Final Draft Released for Comments (IADC Membership at Large)
October 16th, 2020 – Final review/comment period (14 days)
- ▶ Final Equipment List Updates by Workgroups
November 2nd, 2020 – Review comments for inclusion in Equipment List (14 days)
- ▶ Announcement / Issue of IADC Standard Format Equipment List
November 20th, 2020 (Anticipated)

THANK YOU!
