About the IADC World Drilling 2024 Conference & Exhibition

Get ready for a brand-new IADC HSE & Sustainability Europe Conference & Exhibition! To be held at the Hilton Rotterdam Hotel the 2024 conference will feature dynamic and interactive sessions, as well as professionally moderated panel discussions, that will provide attendees with insights into industry-leading HSE&T trends. As the drilling industry continues to grapple with challenging economic conditions, it must search for innovative ways to advance health, safety, environmental protection and training while adhering to strict cost constraints. With this in mind, the **IADC HSE & Sustainability Europe Conference & Exhibition** is being organized to go above and beyond traditional industry conferences. In addition to offering high-quality informational presentations by subject matter experts, parts of the conference will be dedicated to highly interactive break-out sessions that will be formatted to stimulate discussions and new ideas and to engage all participants – both speakers and the audience – to create a true learning environment. Every participant will be able to leave with key takeaways that can be used to directly impact day-to-day operations.

About IADC

Since 1940, the International Association of Drilling Contractors (IADC) has exclusively represented the worldwide oil and gas drilling industry. IADC's mission is to advance drilling and completion technology; improve industry health, safety, environmental and training practices; and champion sensible regulations and legislation which facilitate safe and efficient drilling.

About IADC Conferences

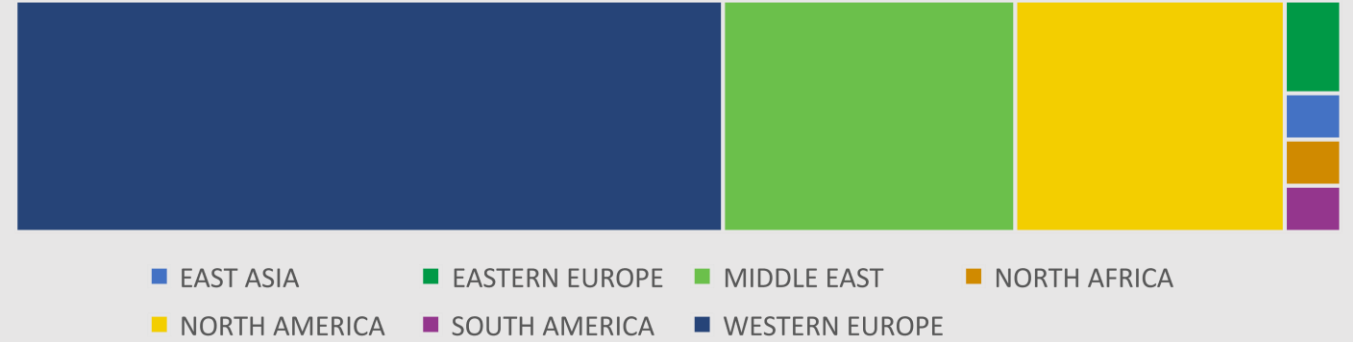

IADC conferences are industry-driven events focusing on the critical issues facing the global drilling industry. Whether it's enabling and cutting-edge drilling technology, well control, health, safety, environment, training, or industry economics and financial outlook, IADC's worldwide program of events brings together the right people in the right venue.
