

PRESS RELEASE

DRILLMAR RESOURCES ANNOUNCE CEO APPOINTMENT

Global energy recruitment specialist Drillmar Resources has today announced the appointment of Kenny Watt as the company's Chief Executive Officer.

In a career spanning nearly 40 years, Kenny has held a range of senior executive roles in the energy sector in Aberdeen, Dubai and Houston. With regional and latterly global remits, he has a developed and led multi-disciplined teams with an emphasis on strategy and growth.

Returning to the business after holding the role on an interim basis, Drillmar Resources will benefit from his diverse sector knowledge and skillset in implementing their own growth strategy, as they seek to expand their service offering to existing clients and target new opportunities globally.

"I am extremely pleased to return to Drillmar Resources," said Kenny "it is a real privilege to work with such an experienced and professional group. I would like to thank the Directors and the whole team for such a warm welcome back."

Commenting on the appointment, Raymond Bruce, Chairman of the Board stated, "I am delighted to welcome Kenny back to Drillmar Resources and look forward to working closely with him as we develop and implement our growth strategy."

A market leader within the energy recruitment sector, Aberdeenshire-headquartered Drillmar Resources have provided specialist recruitment solutions to the industry since 2008.
