

## WORKSHOP

### Practical Management of Major Hazard Risks

## Monday the 21<sup>st</sup> of September, IADC will host the workshop ‘Practical Management of Major Hazard Risks’

*This highly participatory workshop is designed for safety professionals and leaders who want a clear, practical understanding of their organisation’s maturity in managing major hazard risks. Through structured discussion, self-assessment and real-world examples, participants will individually evaluate leadership capability, safety culture and critical controls. Attendees will benchmark their current position, identify strengths and gaps, and leave with clear, prioritised actions they can take back to their organisations to strengthen major hazard management and reduce the risk of barrier failure.*

**Facilitators:** Graham Skinner, Health & Safety Manager Offshore Energies UK & Bruce Webb, Co-Chair Process Safety Leadership, Step Change in Safety

The workshop will take place on Monday the 21<sup>st</sup> of September at the Amsterdam Marriott Hotel in Amsterdam, the Netherlands from 3 PM – 5 PM.

Participation is free of charge, but spaces are limited. To participate in this pre-conference workshop, please fill out the form and return it to [europa@iadc.org](mailto:europa@iadc.org)
